

Reuse, Recovery and Resource efficiency,  
Innovations in urban wastewater treatment

## **R3Water 2<sup>nd</sup> Cross cutting issue workshop “From Innovation to Market: The Second Valley of Death”**

Organised by the EU project R3Water and the  
EIP Water “Real Time Water Quality Monitoring (RTWQM)” Action Group

**WHEN:** 11<sup>th</sup> February 2016, 09.00 – 15:00 CET

**WHERE:** Water Campus Leeuwarden  
The Johannes de Doper Science Centre (Johan the Baptist Science Centre)  
at the “Red Room”  
Address: Agora 4  
8934 CJ Leeuwarden, The Netherlands

### **AGENDA**

**08:30 Registration**

**09:00 1. Welcome and introduction to R3Water**  
*Uwe Fortkamp (IVL, Sweden)*

**09:15 2. R3Water vs. RTWQM Action Group: links and synergies**  
*Sergio de Campos (ADASA, Spain)*

**09:25 3. Market summaries for technologies on**

- Reuse of water
- Resource recovery
- Resource efficiency

*Katja Wendler (DECHEMA e.V., Germany)*

**10:00 4. External speeches**

**1. “Implications of the revised Drinking Water Directive for real-time water quality monitoring”**

*Adriana Hulsmann (Benten Water Solutions, The Netherlands)*

**2. “How to overcome funding barriers on the way of innovations to the market – sources of funding and successful business models”**

*Nityen Lal (ICOS Capital Management B.V., The Netherlands)*

**10:45 Coffee break**

**11:00 5. World Café (Part I)**

3 tables – 1 per application field:

*reuse of water, resource recovery, resource efficiency*

- **Short introduction (15 min):**  
summary of the results (especially the barriers identified) gained at the 1<sup>st</sup> cross cutting issue workshop in Brussels on 1<sup>st</sup> December 2014
- **1<sup>st</sup> round on technologies (30 min):**  
networking session (to give the participants information on the specific R3Water technologies)

**11:45 Lunch**

**12:45 5. World Café (Part II)**

- **2<sup>nd</sup> round on market (30 min):**  
3 tables for each of the 3 application fields (*reuse of water, resource recovery, resource efficiency*):  
discussion on how to tackle barriers and face the market

**13:30 6. Summary of each of the 3 World Café tables**

**14:00 7. Discussion**

- What do the World Café results mean for the future?
- Which steps/measures need to be taken?

**14:45 8. Summary of the workshop**

*Uwe Fortkamp (IVL, Sweden)*

**15:00 End of the workshop**

**Open Session of**

**[EIP Water “Real Time Water Quality Monitoring \(RTWQM\)” Action Group](#)**

**15:30 RTWQM mission and objectives**

**15:40 Presentation and open discussion: Online monitoring, sensors vs. analyzers**

**16:10 Online monitoring vs. discrete sampling: presentation of success cases**

**16:30 Open discussion**

**17:30 Networking session with cocktail/ fingerfood**
